

Cook Medical PICC Training and Education Program

VistaSM COLLABORATION &
LEARNING PROGRAM

Advance your hospital's vascular access services with ongoing PICC education and support tailored to your needs.

Rely on live-case procedural demonstration videos.

Draw from a range of educational and support materials.

Cook Medical is committed to providing the tools and knowledge needed to deliver the best venous access care for your PICC patients using current techniques and technology. Our courses are designed for clinicians inserting and caring for PICC lines, and can be customized for your facility's needs.

Ensure that you can provide the right PICC for any treatment and every patient.

Cook Medical provides PICC education and support through our Vista Collaboration and Learning Program. We team up with experts in the field to offer courses on an array of topics delivered in a variety of formats.

Training Topics

- Basic PICC training
- Inserting PICCs using ultrasound
- Sterile procedure practices
- Infection prevention
- PICC complications
- Use, care and management of PICC lines
- Catheter-related bloodstream infections (CRBSI)

Training Formats

- DVD self-study programs
- Workshops
- Online training
- Customized on-site training
- Precepting
- Ongoing support by clinical specialists
